Release of GreenPower Program Rules Version 5: January 2009

An updated version of the GreenPower Program Rules is now available on the [GreenPower website](#).

Simply Energy's Biodiversity Project

Simply Energy recently embarked on a biodiversity project linked to some of our GreenPower customers. Partnering with Greening Australia, Simply Energy is excited to be supporting a large environmental restoration project in Victoria. Planting of a 181 hectare site, within 'Habitat 141', with a minimum of 40,000 trees will commence in early 2009. Simply Energy's project is located in the Wimmera-Mallee region and aims to preserve the natural environment. Victorians and South Australians can help support this project by choosing Simply Energy GreenPower products. On behalf of every new residential GreenPower customer, Simply Energy will plant a tree to assist with this biodiversity project. Simply Energy currently offers a 100% GreenPower accredited product; Simply Green Premium and Green@Home, which gives customers up to a 5% discount off electricity consumption charges as well as 10% accredited GreenPower.

The picture shows Habitat 141 in its current state, with the help of all its GreenPower customers, Simply Energy will revegetate this area.

GreenPower accredited generators

Generator	Generation type	Commissioning date	Location
Green Energy Trading Oct-Nov 2008	Bulk PV	November 2008	Various
Origin Bulk Solar PV Dec 2008 Pt 1	Bulk PV	December 2008	Various
Origin Bulk Solar PV Dec 2008 Pt 2	Bulk PV	December 2008	Various
Origin Bulk Solar PV Dec 2008 Pt 3	Bulk PV	December 2008	Various

Powerdirect has launched its new range of green electricity products; Greendirect. The Greendirect range includes 10, 20, 25, 50, 75 and 100% GreenPower options, with business customers also able to select a 5% option. These products are available to business and residential customers in Victoria, South Australia, New South Wales and Queensland. Call Powerdirect on 1300 307 966 or visit www.powerdirect.com.au for more information.

The Northern Territory's Power and Water Corporation is now an accredited GreenPower provider. The product, known as Territory GreenPower, will be offered to residential customers in blocks of 10 per cent and to commercial customers at any percentage they wish to nominate. Territory GreenPower will be launched soon, so for more information call Power and Water Corporation on 1800 245 092 or visit www.powerwater.com.au
